Test 9

Q1

```
public static void main(String[] args) {  
    // Q.1) Count occurrence of letter 'A' with Big O(1)  
    // Input  
    String[] arr = { "A", "B", "C", "D", "E", "F", "F", "G", "A" };  
    int count = 0;  
    for (int i = 0; i < arr.length; i++) {  
        if(arr[i] == "A") {  
            count++;  
        }  
    }  
    System.out.println("count of A is " + count);  
}
```
